Digging Into God's Great Incredible Never-ending Grace

Pursuing Maturity - Lesson 1 PERSONAL IDENTIFICATION (Who we are in Christ)

Many people spend their whole lives searching to find themselves and who they are. The world calls this an “identity crisis”. But many Christians often never fully realize who they are in Christ. In a sense they also suffer from an identity crisis. But God in His Word is very specific in identifying those who are His. He not only tells us who belong to Him, but He also describes them and who they really are. He not only tells us who we are in Christ, but what the declaration really means to be....“called a son or daughter of God”. In this lesson we will look at who we are, what belongs to us through Christ, and where our citizenship really resides. Knowing who you are in Christ enables the believer to truly experience and live in the full provision that God has provided for his children. Without this truth rooted in our hearts, many of God’s children continue to live far below what He has for them.
